Subject: Dog Fouling

Hi John,

Could you please mention, at the Parish Council meeting on the 15th March, a concern I have regarding the dog fouling along the WILLOW footpath from Welmore Road end for approx 100mtrs or until the garden fences finish. There are several lots and some are on the edge of the footpath and not under the hedge row. It looks like some one is using the fences/hedge to hide while there dog goes to the toilet. It has made so people using the footpath have to be cautious where the tread when walking, and I find unfit to push my grand childs buggy along the footpath.

Could there be a sign put up, or even a bin at Welmore Road end to try and combat this problem.

Regards

Alan Watts
