

## Great British Spring Clean

**Extracted from the latest bulletin from the National Association of Local Councils (NALC) circulated by the Cambridge and Peterborough branch (CAPALC)**

- NALC is pleased to support this year's Great British Spring Clean from **2-4 March 2018** which is a great community campaign with a simple aim: to bring people across the country together to clear up the litter that blights our towns, villages, countryside and beaches. The campaign wants to inspire 500,000 people to get outdoors, get active and help clear up the rubbish that lies around us. Last year around 300 of our councils supported the campaign through organising and supporting litter picks and it would be great if more registered and took part this year and I'm keen to increase that support in future years. You can find out more, access a range of resources and sign up to support the campaign on their [website](#).
