Dear Mr Haste

Request for assistance

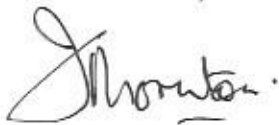

You will no doubt recall the correspondence we had earlier this year regarding my request for assistance concerning the damage caused to my garage by youths playing football on the open space between Clarendon Way and The Willows.

As a direct consequence of your most helpful letter of 1st April, I am pleased to say that action has been taken by the Peterborough City Council regarding the trees that were being used as goalposts by youths playing football. In addition, the Cambridgeshire constabulary have been most helpful in providing the help and assistance that I sought.

Your letter of 1st April sets out clearly, the position of the Glington Parish Council regarding the open space and in this respect, your fuller and more considered response was very gratefully received and I would like to thank you wholeheartedly.

I am aware that the Parish Council has been responsible for having more seating benches installed around the village and in this regard, is there a possibility that a bench could be erected on the open space to make it more accessible to the community?

Yours sincerely

Jeffrey Thornton
