

## **Glinton and Peakirk Primary School: The War Memorial and Commemoration of the Fallen.**

I had a very good meeting with Mr Craig Kendall the Headteacher of the Primary School to discuss arrangements for Year 6 in the school at the anniversary of each serviceman's death who died in the 1<sup>st</sup> World War and whose names are inscribed on the War Memorial.

It was agreed that I would go into the school just before the date of each anniversary and talk to the pupils a little about remembrance, the First World War and about the serviceman, his life, his war record and his death.

It was also agreed that at 12.00 midday on each anniversary, Year 6 would go into the Village Playing Field to witness the firing of a signal rocket ignited by remote control by one of the Year 6 pupils. A postcard size moment of the serviceman would be given to each child.
