Subject: Outdoor Table Tennis Table

Good afternoon Cllr Holdich and Cllr Hiller

I hope you are well and keeping safe.

Last year working with the Living Sport, Cambridgeshire's Active Partnership, Viridor and Table Tennis England we secured funding to buy and install outdoor table tennis tables in parks and green open spaces around the city. As part of the sports strategy, it was agreed this year there would be more focus on rural areas if we could secure funding for more tables.

Well, the good news is we have secured additional funding and would like to look at installing a table in Glinton and would welcome your views on this.

The tables are very robust and concreated into the ground with mesh matting around each end, they are free to use, and it is preferred that they are near to a community centre, sports club or area that supports physical activity and can be used as a point of distribution for loan of bats and balls free of charge to users.

We are looking to install mid to late April if there are no hold ups with delivery as they will be coming across from France in the coming weeks.

Kind regards

Jamie Fenton
